

## KM6-II Guides

KM6-EC Compatible

### ONE PART GUIDES

#### Type 1 PCB

For Eurocard of 1.6mm thickness, 100 mm, 160mm or 220mm long. Compatible with grounding clips.

#### Type 2 PCB

For Eurocard of 2.4mm thickness, either 160mm or 220mm long.

#### Type 3 PIU

Plug-in Unit (piu) type for cards 111.76 or 254.1mm high, 1.6 mm thickness, 160mm or 220mm long.

#### Type 4 PCB

For Eurocards of 1.6mm thickness, 220mm long, this guide will fit over intermediate extrusions, permitting mixing of PCB depths. Compatible with grounding clips.

Guide Type	Board Length	Order Code
1.PCB 1.6mm thick	100	950-242850
	160	950-232662
	220	950-232663
2.PCB 2.4mm thick	160	173-232666
	220	173-232667
3.Plug-in Unit	160	950-232664
	220	950-232665
4.Low Profile	220	950-232668

#### Materials:

Type 1,2,3 and 4: Luranyl 2452/1

#### Colour:

Type 1, 3 and 4: Green  
Type 2: Black

**Luranyl 2452/1 is a UL94 VI rated material with a continuous rating of 105°C**

One part guides are supplied in packets of 10 but the 160mm and 220mm, 1.6mm versions are also available in packs of 1000

PCB 1.6mm thick	160	956-243239
	220	956-243240
